Governor - I just received an email from Tim (Hillsdale College) - they are requesting a text copy of the talk that you gave on Board the Regent Seven Seas Mariner on Saturday, August 2. Is this something that you want to give them? The copy I have is the one that Kate emailed to you - but I think you had made some changes. Janice

Did you full up your days on Monday and Tuesday? If not, there are two gentlemen I suggest you meet with on electricity/power issues.

Andy Warwick and Lance Parrish are involved with Doyon Utilities, which is taking over the power supply at the military bases (or at least the Army Posts).

They have done some work on looking at using North Slope gas to generate power and send it to the Interior (and potentially beyond). I went over their numbers with them this afternoon and they would like to share them with you, too.

They also want to discuss the GVEA/AIDEA situation. They are definitely not apologists for GVEA, but they have some ideas that aren't really on the table right now.

These are a couple of really good guys. They were very active in opposing the SGDA contract and are fairly supportive of our efforts through AGIA. I have made sure they don't have designs on "participating." It appears to me that they just want to make you aware of options for the mid-term that Steve H may not be considering.

If this is something you'd like to do, I can get their contact info to Janice and get something set up.

Governor - I will contact the appropriate folks on Monday to ask in regards to your speaking times and find out on payment of travel. I will then get corresponding flights pulled that we can look at. I will have a scheduling report to you shortly in regards to the upcoming week. Trying to work on laptop from home today (which is extremely slow).

The plan that seems to make most sense should be to find out exactly when my speech is (two speeches total)... then to travel a day before and a day after that main speech. I don't want to be there five days, no need to. Todd won't be able to go, it appears. So Trig won't be going, all the more reason to keep the trip short.

I don't need staff besides Kris - we need to remember the GOP, for the most part... especially the AK machine...has not had any support or assistance provided our administration so our time and efforts will continue to be spent on serving Alaskans, not party politics.

Pls also find out who pays for the trip. Thanks
